COLLECTION

# Fall Winter 2024-25 Collection:

A tribute to ideas and emotions

At Ripani each product is the manifestation of a **creative moment** which, once embraced, guarantees the **Everyday Luxury of an authentically Made in Italy bag**. For this reason, in shaping the Fall Winter 2024-2025 collection, we have been inspired by great Women who - similarly - shared their **ideas, intuitions and motivations** to the advantage of the **whole world**.

This Collection is characterized by models with strong personalities, enriched by details that emphasize their role as **guardians of the Italian manufacturing tradition**.

The models are born starting from plain leather or dollar-printed leather, sided by exclusive variations such as crocodile-printed leather and saffiano; the glamorous inclusion of sheepskin fur, suede-like calf leather and pony-printed leather are expertly balanced by the essential soft and plain leather - also with a pleated effect or in a semi-glossy version. The material suggestions of both the buffalo-printed leather and the palmellato unfold new perspectives of style, while laminated leather galvanizes every look.

The colour range – thanks to several options – has been further expanded to maximize the matching options. Ripani's commitment to sustainability is reiterated - like every season - by relying on certified suppliers for all materials, by using renewable sources of energy, but also by reducing and optimizing the leather scraps through their reuse.

The wide variety of models reflects the stylistic features of our Brand, while introducing new shapes that combine elegance and practicality. There is room for the **"Double-R"** logo which symbolizes the **continuity of Ripani's values over the years**, as well as the desire to propose creations suited to **every context**.

The details - be they workmanship or materials' combinations - enhance each model, making it both **modern** and **stylistically durable**, to guarantee over time the everyday luxury of an authentically Made in Italy bag. A Ripani bag.
